Career Objective

To work in a program officer/manager role where I can use my public health expertise, program management experience, and strong community engagement skills to design and implement sustainable development programs, focusing on youth, WASH, and health systems strengthening.

Core Competencies

- Program Planning & Coordination
- Monitoring, Evaluation, Accountability & Learning (MEAL)
- Proposal & Report Writing
- Stakeholder & Community Engagement
- Health & WASH Program Implementation
- Capacity Building & Training Facilitation
- Budget Tracking & Resource Planning
- Donor Compliance & Reporting
- Risk Management & Emergency Response
- Team Supervision & Performance Monitoring

Professional Experience

Officer – Health

Good Neighbors Bangladesh | 10th Apr 2022 – 28th February 2026

- Led planning and execution of community-based health and WASH programs.
- Coordinated with local government, stakeholders, and NGOs for program success.
- Supervised frontline staff and ensured effective field-level activity execution.
- Managed documentation, donor reporting, and periodic progress tracking.
- Designed awareness campaigns, vaccination drives, and youth-led outreach initiatives.
- Delivered timely reports, case studies, and data to regional office.

Achievement:

- *Reached over 10,000 people through health and WASH programs in the community.*
- *Successfully allocated $150,000 to support program activities from 2023 to June 2025, enhancing project impact and sustainability.*
- *Built strong cooperation with local government, NGOs, and other stakeholders.*
- *Supervised field staff and ensured timely and effective program activities.*
- *Managed reports, documentation, and shared updates with donors and senior officers.*
- *Lead awareness campaigns, vaccination drives, and youth-led health events.*

Sub-Assistant Community Medical Officer (SACMO)

Palli Mongal Karmosuchi | Nov 2019 – Oct 2021

- Designed and led outreach health campaigns and eye care camps.
- Coordinated with local health departments for referrals and services.
- Developed youth-focused initiatives for community engagement in health.
- Supported development of IEC materials for health promotion.
- Monitored service quality and reported field outcomes regularly.

Achievement:

- *Successfully organized health campaigns and eye care camps, benefiting hundreds of community members.*
- *Built strong coordination with local health departments to ensure smooth referral services.*
- *Engaged youth in health activities through creative and effective community initiatives.*
- *Helped create and distribute IEC materials to raise health awareness in the community.*
- *Regularly monitored field activities and shared reports to improve service quality.*

Intern (2 Programs)

Phultala UHC & 250-Bed General Hospital Khulna | 2018–2019

- Supported program data collection and emergency services.
- Led intern team coordination for patient care activities.
- Participated in organizing public health observances and outreach events.

Achievement:

- *Assisted in collecting program data and delivering emergency health services during critical times.*
- *Led and coordinated a team of interns to ensure smooth and effective patient care activities.*
- *Actively contributed to organizing public health campaigns and community outreach events.*

Paramedic – Field Program

Greehogram Zubo Songothon | Mar 2018 – Jul 2019

- Coordinated community health education sessions and field camps.
- Managed WASH awareness campaigns in underserved areas.
- Collaborated with local leaders to improve water, sanitation, and hygiene.

Achievement:

- *Organized community health education sessions and field health camps that increased local health awareness.*
- *Led WASH campaigns in underserved areas, improving hygiene practices among target populations.*
- *Worked closely with local leaders to improve access to clean water, safe sanitation, and hygiene facilities.*
